Shop Design Seminar - We added a new seminar for the convention. MTA Member John Proctor will be holding a seminar on Shop Design. If you bring a drawing or pictures of your shop John will help you design your shop so that it becomes a more work friendly/useful shop. He will give you advice on setting up your shop to save time and steps. He also suggests that if you have an idea that has helped out your shop bring those with you as someone else may be able to use that advice as well.
